## ASKS DIVORCE ON ANNIVERSARY

Nettie M. Lantz Brings Action For  
\$10,000 Alimony Nine Years  
After Marriage.

### ALLEGATIONS ARE STARTLING

She Says She Hasn't Averaged \$10  
a Year in Giving Her Money  
His Third Wife.

Mrs. Nettie M. Lantz, through her attorney, John H. Kiplinger, today filed suit for divorce from Jefferson Lantz and demands \$10,000 alimony, alleging that he is worth \$60,000. The complaint is very sensational and some startling allegations are made against the defendant. They are well known residents of Orange township.

They were married April 17, 1905, according to the complaint, which was just nine years ago today. She says they separated April 14, 1914. Mrs. Lantz accuses her husband of cruel and inhuman treatment and states that he is a man of high temper and easily becomes angry and often time at nothing. She says her health is not the best but regardless of this she has been compelled to work and in a way support herself.

She avers that her husband has been close and stingy at all times and that in all their married life he refused to give her money and that altogether he has not given her \$100. The complaint states that she was compelled to do manual labor and that she often had to scoop corn and do other things such as is not expected from a wife. She also says that he had no mercy because of her poor health and because of his treatment is at present a nervous wreck.

Mrs. Lantz avers that her husband is worth \$60,000 and that he owns 400 acres of land in Rush county and adjoining counties, and has personal property valued at \$8,000. A petition for a temporary restraining order was also filed along with the divorce complaint. In this the court is asked to forbid him from disposing of any of his personal property.

A temporary injunction was also asked and the court is asked to have him cited in court and show cause if any, why he should not pay her support money pending the outcome of the case. She alleges that he is her only support and for this reason asks a reasonable allowance.

Mrs. Lantz is the third wife of Jefferson Lantz. Mr. Lantz secured a divorce from his second wife in the local circuit court March 5, 1904 and in the following year remarried. The defendant in this suit was Louisa Lantz.

### TO BUY P. O. FURNITURE

A committee from the Phoenix Masonic Temple Association, which is building the Masonic Building in this city, and Postmaster G. P. Hunt went to Indianapolis this morning to order the furniture for the postoffice. The committee was A. L. Stewart, F. G. Hackleman and J. V. Young. Most of the new furniture will be made of iron and steel and the order is now being placed, as it is necessary to make the furniture.

### DIES IN TEXAS.

Mrs. F. B. Stearns received word this morning of the death of Mrs. A. T. Wright at her home in Deport, Texas. Mrs. Wright was a sister of the late Virgil Bodine and was well known here having visited relatives here on several different occasions.

## COLLECTIONS ARE VERY SLOW

County Treasurer Says Spring In-  
stallment Will Have to be Paid  
at Rate of \$14,642 a Day.

### MANY WAYS TO ASSIST HIM

No Statements of Taxes Due Can be  
Made After Next Week Because  
of Closing Rush.

The taxpayers of Rush county may be of great assistance to the county treasurer's office, which is way behind in the collection of taxes, if they will but heed some of the requests of County Treasurer William M. McBride who pointed out today that the office would have to take in \$14,642 a day until the end of tax-paying season in order to collect all of the spring installment.

The county treasurer says that he and his office force will be able to make out statements for taxpayers next week, but that the week following, which is the last week for paying the spring installment, it would be impossible to mail or give statements at the office because of the rush of the closing days.

If, in requesting a statement of taxes they owe, the county treasurer says, the taxpayers will give the state, township or corporation in which they were assessed and state whether it is personal or real estate, they will save a great amount of work and thus enable the office force to get out the statements on time. It will readily be seen, he says, that unless the taxpayers are one with which he is very familiar, he has to go through fifteen different tax records, twelve townships and three corporations, to trace down all of the property owned by any given taxpayer.

He further points out that it is very important that the taxpayer give the name in which the property on which they pay taxes was assessed. Often a taxpayer buys real estate after it has been listed for taxation under the name of the former owner. In such cases the county treasurer has no means of determining from whom the taxes are collectable unless he is informed.

It is also requested by the treasurer that taxpayers, in requesting statements by mail, enclose a stamped, self addressed envelope. This saves much time and also enables the office force to return the statement or receipts, as the case may be, much sooner than otherwise. Much time is required in learning the addresses of persons who fail to mention it in their request for a statement, or when they pay their taxes.

The county treasurer cites Orange township as a case in point. He has found that taxpayers in that small township receive mail in many different ways: There are two rural mail routes out of Rushville into the township, and in addition there are mail routes entering the township from Greensburg, Shelbyville, Arlington, St. Paul and Manilla.

The collection of taxes this year is far behind other years. Although it was not possible to do much farm work last week, very few farmers paid their taxes and the collections were unusually small. It is urged that taxes be paid as promptly as possible to avoid the big rush the last few days. The county treasurer says he will employ all of the assistants possible, but they are, of course inexperienced.

The total tax charges for the year amount to \$559,232.31. The spring installment is larger and amounts to approximately \$315,000, leaving

## BARGAIN DAYS MAY BE REVIVED

Retail Merchants Committee of  
Chamber of Commerce Meets  
and Decides to Call Session.

### TO DISCUSS "BIG WEDNESDAY"

Also Resolved to Hold Summer Band  
Concerts if Terms Can be Ar-  
ranged—Band Stand Wanted.

Following the meeting of the retail merchants committee of the Rush County Chamber of Commerce last night at headquarters, L. B. Smelser today made public the meeting dates for several other committees.

The public health committee will meet tonight at headquarters at seven-thirty o'clock. Monday night the manufacturers committee meets at the same time and place and Monday afternoon the new industries committee will meet at four-thirty.

The retail merchants committee determined last night by unanimous vote to call together in the Chamber of Commerce headquarters next Tuesday morning at nine o'clock all of the merchants of the city who are interested in a "Big Wednesday," the bargain day arrangement which originated here a few years ago and was copied in many cities in the United States.

The committee will urge all merchants of the city, irrespective of whether they are members of the Chamber, to attend the meeting and participate in the discussion over the renewal of the bargain day project. "Big Wednesdays" were one of the most popular ventures ever tried here and it seems very likely that they will be revived.

Summer band concerts were also discussed last night and the committee considered the feasibility of arranging for them at once. In fact, it was resolved by the committee that if satisfactory terms could be arranged, the concerts will be a certainty.

The question of building a permanent band stand on the court house lawn also came up for the consideration of the committee. The general opinion of the members of the committee was that a band stand should be erected. This improvement, it is generally felt, would insure the band concerts for some time to come.

A number of things of lesser import were discussed by the merchants, but no definite steps were taken in any other regard. The committee talked over methods that may be devised to combat the mail order business, but no conclusions were reached. This topic will be taken up at a later meeting of the committee.

Several committee meetings will be called for next week by the secretary, in addition to those already announced. There are several committees which have not yet held a meeting.

## JEALOUS. KILLS HIS WIFE

W. B. Folsom. Boonville Retired Far-  
mer, Then Turns Gun on Self.

Boonville, Ind., April 17.—Because of jealousy William B. Folsom, formerly a wealthy farmer here, shot and killed his wife today. He then fired three shots into his own breast. Doctors say he can not live. Folsom is 53 years old.

## ATTEMPT ON LIFE NEW YORK MAYOR

Shot Intended For Him This After-  
noon Strikes Passerby and is  
Deflected in Course.

### HITS CORPORATION COUNSEL

Frank O. Polk is Shot in Chin as he  
Entered Mayor's Auto—Man  
is Captured.

(By United Press.)

New York, April 17.—In an attempt to assassinate Mayor Mitchel, a middle aged man taken to be David Rose, at 1:20 o'clock this afternoon shot corporation counsel Frank O. Polk as he entered the mayor's auto in front of the main entrance of the city hall. The mayor was seated in the machine when the shot was fired. C. H. Duncan by chance, passed directly in front of Rose as he approached the automobile. The bullet struck Duncan on the arm and glanced upward hitting Polk in the chin.

The man aimed directly at the mayor and it was only the chance interference of Duncan that the mayor escaped injury.

Although the man's clothes all bore the name "David Rose," he insisted that his name was David Salosheim.

Police Commissioner Woods was in the car with the mayor, but the mayor was nearer the open door and got out first. The chauffeur helped the mayor hold the man with the revolver and Detective George Meun who was nearby seized the pistol. The assailant seemed almost to collapse and made no resistance. As he tottered backward he was supported by Meun who took charge of him.

The prisoner was taken into the police station on the ground floor of

## WILL ENTER TERRE HAUTE PRIZE DRILL

Ivy Company No. 35, Uniform Rank  
K. of P., Will Compete at  
National Encampment.

### TRABUE MEETS A. J. STOBART

At the meeting of Ivy Company No. 35, Uniform Rank Knights of Pythias last night, it was decided to enter the prize drill at the national encampment which will be held in Terre Haute in July. The local company will be in class A. or B. The company also voted last night to buy service uniforms for the entire company. They are made of khaki and are for practice and to be worn in camp.

The company will go to Knightstown to confer the degree on ten members of Knightstown company No. 224, and perhaps some members of the Cambridge City company. Drills will be held Monday, Tuesday and Friday nights of next week.

Samuel L. Trabue, adjutant general of the staff of Major Arthur J. Stobart, commanding the Uniform Rank of the United States and Canada, went to Terre Haute this afternoon to meet Major Stobart and assist in making arrangements for the national encampment. Major Stobart will be in Indianapolis Sunday, and if he has the time, it is possible he will attend the K. of P. meeting here Monday night.

## MEXICANS MUST SALUTE OUR WAY OR THERE WILL BE WAR --SHIVELY

## INDIANA SENATOR TALKS FOR WILSON

Government Will Not Stand For  
Simultaneous Salute, Latest Sug-  
gestion of Huerta Regime.

### WILSON TO NOTIFY MEXICO

If They Persist in Refusal, There  
Will be War With All That That  
Implies, Says Shively.

(By United Press.)

Washington, April 17.—"Mexico will salute the way we want them to or there will be war."

This was the emphatic declaration this afternoon of Senator Shively of Indiana, chairman of the Senate foreign relations committee.

"I have been informed since the cabinet meeting," he said, "that the Mexicans have suggested a simultaneous salute and that this government will never stand for it. I fully approve of this stand by the administration and personally feel very strongly about it. Our ships are now on the way to Mexico and go fully prepared to back up the original demand of this government in reparation for the insult."

No simultaneous salute will be accepted by the government as an apology for the action of the Mexicans in their insult to our flag. The president, I am informed, will insist on the salute being given the way it was originally intended and will cause Huerta to be notified of his intentions at once.

"If the Mexicans persist in their refusal there will be war with all that that implies."

The incident at Tampico is not

## GUARDS REMOVED FROM TAYLOR HOME

City Health Board Decides That Best  
Protection from Smallpox is  
Vaccination.

### WILL OBEY QUARANTINE

The city health board this morning removed the guards from the home of Alpheus Taylor, where his son Chester Taylor is suffering from the smallpox. The Taylor family agreed to abide by the quarantine established by the health department and the guards were removed. The expense to the city was \$10 a day and it was thought best to do away with the guards.

The health board decided that the best way for the people to protect themselves from smallpox was through vaccination. If it is seen that the Taylor family will not obey the quarantine, then the board will take the steps to see that they do. Because there is only one case of the disease the board could see no reason for maintaining the guards. It is pointed out that the people do not require guards where they are quarantined because of diphtheria and other contagious diseases and it is up to the people to afford their own protection by vaccination.

## SAYS HUERTA'S OBJECT IS WAR

United Press Correspondent Gets  
Code Message Through Strict  
Censorship at Mexico City.

### DICTATOR WANTS A FIGHT

Hopes to Solidify Mexican People in  
Support of His Otherwise  
Doomed Government.

(By U. P. Staff Correspondent.)

Mexico City, April 17.—General Huerta wants a declaration of war. This is his object in the present negotiations over the Tampico incident. He has been in almost constant conference with his cabinet and congress. It became known today that it is now his desire to bring about warfare between Mexico and the United States on the theory that it will solidify the Mexican people in support of his otherwise doomed government.

The above message, which was sent by code so as to escape the censor, was received today by the New York office of the United Press from its staff correspondent in Mexico City who has been in close touch with the situation for a year. The message was necessarily brief and could not carry any details in view of the extraordinarily strict censorship.

This message, which was the first important news dispatch from Mexico City since the Tampico incident, threw the first definite light on the attitude of Huerta in the crisis which led to the dispatch of the Atlantic and Pacific fleets to Mexican waters.

### SONS OF REVOLUTION MEET.

(By United Press.)

Washington, April 17.—Because its constitution calls for holding the annual meeting in this city, the General Society, Sons of the Revolution met here today—on a wharf. The sons, however, did not tarry long. Instead they boarded a Potomac river boat on route to Yorktown and other points of historic interests in Virginia.

## A Woman's Dollar is Bigger

The average woman gets more for her money than the average man does—her dollar has a greater purchasing power.

Women are the best readers of advertising we have.

Is there not a direct connection of cause and effect between these two facts?

Woman has proved for herself that it pays to know what is being offered before she buys.

She knows what her dollar is worth and she means to get the most for it.

She finds the advertising one of the most interesting and helpful features of her daily newspaper.

## Have You Had Unpleasant Business Relation

With the man you bought Buggies from? Has he overestimated his buggies to you? Has he talked quality to you in order to get more money for his buggies than they were really worth? Have you ever found that your neighbor bought a buggy just like one you bought and didn't pay as much for it as you did for yours? Has he told you when something went wrong with your buggy that was caused by defective material or improper workmanship that you had misused the buggy or it would never have happened? Has he told you that he had the only buggies and his competitors didn't have a thing worth hauling home? Did you ever know one of the above things to happen one of our customers? Think these things over, have a heart to heart talk with yourself and then come in and see the new style buggy we are selling this year. You will like it and if you buy one of them you will be satisfied.

## EXHIBITS ARE VERY EFFECTIVE

Agricultural Education Displays Call Attention to Valuable Experimental Work in Crops.

INFORM IN VERY DIRECT WAY

Purdue Exhibits Carry Numerous Practical Lessons on Soil Improvement and Live Stock.

"Agricultural educational exhibits with competent men in charge," says Prof. Christie, "are beyond all question, one of the many effective means now in use, in Indiana, for calling attention to the valuable experimental work in crops, soils and livestock, now in progress at Purdue and elsewhere."

"They serve to impart" he further comments, "information in a direct way, information of great value to all interested in better farming in Indiana. This information is based on our own experimental work and upon that of similar institutions elsewhere, likewise upon the experience of the most successful farmers over the state."

The demands for assistance coming from farmers directly and indirectly, are more and more insistent and frequent, as the need for better farming impresses itself upon everyone. The agricultural extension department at Purdue has prepared these exhibits to meet such demands. They are designed for use mainly at the various fall fairs.

Purdue exhibits carry numerous practical lessons on soil improvement, selection, care, feeding, breeding of all classes of live-stock, dairy herd improvement, better methods in field crop growing, control of farm pests, establishing and caring for an orchard, better home-making, interesting the boys and girls, etc. The facts and suggestions conveyed by the Purdue exhibits are not hidden behind theories and technical statements, but are set forth clearly, practically, and simply.

Each of the three or four exhibits available is complete, weighs about a ton, and takes available space up to 50 or 60 running feet. They add a splendid educational feature to any fair and can be had at small cost. Two or three different forms of exhibits can be had this year. Write to Agricultural Extension Department, Purdue University, Lafayette, for detailed information.

## FINDINGS ARE NEGATIVE

Fayette Grand Jury Adjourns After Inquiry Into Reynolds Death.

[Special to the Daily Republican.]

Connersville, Ind., April 17.—The grand jury was dismissed here yesterday following a long investigation into the rather strange death of Mrs. Ivy L. Reynolds, the marriage of whose husband took place only a week after her demise. Acting on the report of R. P. Noble, an Indianapolis chemist, to the county coroner, that no poison was found in the woman's stomach, the grand jury adjourned sine die. Suspicion was aroused by the circumstances surrounding the death of the woman and the prosecutor ordered an investigation.

It is estimated that 75 per cent. of the laws have to do with the home in some way.

## The Shorter Your Skirt, the Better Is the Last Gasp of Fickle Fashion

BY MARGARET MASON  
(Written for United Press.)

New York, April 17.—What a boon these new 3-in-one dresses will be to all fascinating lady blackmailers and shoplifters. Nowadays when Alcia, the alluring adventuress, leaves her hotel in a chic costume of black taffeta and robins egg blue with a brace of square jawed deceives at her high French heels she despairs not. Instead, she hurriedly turns the corner pulls a string and lo! she is garbed in ebon hue from top to toe. Curses from the baffled bloodhounds of the law who are left bewildered, swallowing their chargin and Adam's apples—and there you are!

But assuredly those are not the only circles which will receive the handy quick change costumes with open arms. The more circumspect embrace of the poor but honest society girl whose frocks must needs number more than her paltry pence awaits them joyously.

A sample of the possibility of these chameleon—like garments is a model of ash colored faille with a self-toned shoulder cape and deep tunic banded in rose and blue striped taffeta. Scene two and the tunic and cape are turned wrong side out becoming a tunic of old blue taffeta. For the third and positively last appearance a cord about the waist is deftly tweaked and the tunic gathers itself up into a delectable bustle effect while the cape is simply shed entirely. Naturally the combinations and surprises of these trick gowns are as limitless as the ingenuity of the present-day dress-makers.

Since the skirts have reached the limit of narrowness they have been forced to bow to the law of locomotion and take up their slack in other directions. Hence their upward trend and pronounced tendency toward abbreviation. The shorter your skirt the better seems to be the last gasp of fickle fashion, and actually some of them are finished in flaring ruffles and double and treble rufflings on their ankle length edges. It will obviously take the hobbled and mine-step maiden of the last few seasons some time to get her stride in the newest short and almost wide skirts.

And just to prove that the old adage "a place for everything and everything in its place" has no standing in the realms of the mode back combs are now being worn in front

if you please. It's the very smartest place for them nestling right over your forehead fringe in the front fluff of the correct new high coiffure.

Whether you choose the zebra or a stick of peppermint candy as your model it little matters if you just are striped. To be right in line with the style you must be heavily lined in two toned stripings or the variegated hues of the Roman silks. Black and white stripes running up and down are very chic with combination of blue and green as a close rival. Striped skirts in combination with plain jackets of taffeta or moire are decidedly good, while Russian blouse suit with plain blue-toned duvetyn blouse finished around the hips in a tunic of striped green and blue taffeta silk sleeves of the same are stunning with the plain duvetyn skirt. Stripes have even stamped themselves upon the smart Spring hosiery mostly in black and white effects.

If a mere man meets a pretty maid these days totting a neat little leather case like a miniature medicine bag he mustn't build up hopes of annexing her as his family physician by any means. One case doesn't make a doctor, particularly if it be a smart little leather affair in colored leather. All the girls are carrying these practical small square leather boxes in lieu of the more conventional bags and purses of yore.

Opened up before the uninitiated they display a bewildering array of every little thing needed to repair, perfect or manufacture a completion on the spot. You may have all the comforts and necessities of your dressing table at your finger ends so no wonder femininity is quite mad about them.

Less practical as first aid to injured complexions but more charming as accessories of the dainty spring frock are the brilliant hand colored bags of hand wrought leather, their tops incrustated with many colored semi-precious stones and suspended on chains of gay toned beads.

With an omnipresent bead neck chain to match, these illuminated leather bags are bright and effective touches to an otherwise monotone toilette.

Since the maid of yore so devotee at telling her beads it is only meet that the maid today should see to it that beads are the telling part of her chic costume.

Mr. and Mrs. Alvan Moor entertained delightfully yesterday afternoon and evening, honoring their son, and his wife, Mr. and Mrs. Francis Carr Moor, who were lately married. Guests were received in the afternoon between the hours of two-thirty and four, and four and five-thirty. Mrs. Alvan Moor, Mrs. F. C. Moor and Mrs. T. W. Lytle were in the receiving line. In the evening at six-thirty o'clock twelve couples, friends of Mr. and Mrs. F. C. Moor, were entertained with a three-course dinner.

In the afternoon refreshments of ice cream, coffee, cake and mints were served. Mrs. F. C. Moor sang several beautiful solos. Montani, an Indianapolis harpist, playing during the reception. Jonquils were used to the best of advantage in arranging dainty decorations. Mrs. Etta Dittmars of Franklin was the only guest from out of the city.

### Overworked by Detail.

Whatever may be said as to the  
desirability of state or national regu-  
lation of public utilities, the admin-  
istrative difficulties are unquestion-  
ably enormous. The amount of de-  
tail work put upon the commissions  
of the various states, by the public  
utility laws, is so great that it is  
questionable whether any of these  
commissions is even yet equipped to  
make available for intelligent use the  
vast mass of information, which the  
utilities are compelled to furnish  
them. Indeed in many cases, com-  
missions are forced by the very vol-  
ume of duties imposed upon them to  
devote their attention to those which  
they consider the most important  
and to neglect others of seemingly  
less importance.

This point was strikingly illus-  
trated to the House Committee on In-  
terstate Commerce during the course  
of the hearing on the Steel Car Bills.

One speaker advanced the argu-  
ment that under the jurisdiction of the  
Interstate Commerce Commission the  
affairs of electric railways would be  
neglected in favor of the seem-  
ingly more important matters con-  
nected with steam roads, and pointed  
out that after six or seven years' jurisdiction over electric railways,  
the Commission paid so little atten-  
tion to this branch of its work that  
it was impossible to find in its report  
a list of electric railways reporting  
and their mileage.

The administration of the affairs of  
a single railway company is a work  
of complexity and magnitude. Multi-  
plied by the number of companies in  
our larger states it assumes colossal  
proportions and while regulation is,  
of course, not administration, in  
many instances, in some aspects, it is  
fast approaching it and in conse-  
quence the detail assumed by the  
commissions is swamping their forces  
clogging their machinery and is re-  
sponsible for those delays, which are  
hampering to the companies, annoy-

ing to the public, and costly to the  
State.

It is a constantly increasing cause  
of criticism of Public Service Com-  
missions, that they are so overwhelmed  
with detail, that they have not the  
time to devote to the broader and  
more essential duties assigned them.  
In bare administrative efficiency, the  
commissions have much to learn from  
the companies, over whose destinies  
they preside and whose affairs they  
guide.

### APPLIED TO INDIANA.

(Muncie Press.)

The statement is being made by  
some papers and politicians that the  
result in the seventh New Jersey dis-  
trict was due to a reapportionment  
since 1912. This is absolutely with-  
out foundation. There was a reap-  
portionment of the district during  
the New Jersey legislative session of  
1911-12, but it was in this new dis-  
trict that the election of 1912 was  
held. It was carried by Representa-  
tive Bremner, democrat, by a plural-  
ity of more than 3,600. The city of  
Passaic, which comprises most of  
this district, gave Roosevelt 11,000  
votes, Wilson 10,000 and Taft 5,000.  
There is no denying or minimizing  
the tremendous importance of the  
Seventh New Jersey election. The  
same drift revealed there would, ap-  
plied to Indiana election result of  
1912, make Indiana republican in the  
fall by between 99,000 and 100,000.  
It may be added that owing to the  
splendid demand for silk due to the  
dancing craze, the silk industry,  
which centers at Passaic, is boom-  
ing. If the election had occurred in  
some one of the districts which has  
been really hard to hit by the Under-  
wood tariff as scores of them have  
been, there is no telling what the re-  
sult would have been, but it looks as  
if it would have been pretty near  
unanimous.

\* **VALUE OF NEW SERVICE.** \*  
+++++

The excellency of the dis-  
patch service furnished by the  
United Press Associations to  
the Daily Republican was again  
shown this week. Tuesday even-  
ing the Republican was the only  
newspaper published or circu-  
lated in Rushville or Rush  
county that contained a story of  
the important move of the Uni-  
States navy department order-  
ing the whole Atlantic fleet into  
Mexican waters to compel  
Huerta, the Mexican dictator,  
to salute the Stars and Stripes  
to make amends for indignitar-  
ies heaped on the United States  
by the arrest of United States  
marines. Again Thursday even-  
ing the Republican was the only  
newspaper published or circu-  
lated in the city or county that  
gave an account of the end of  
this most important crisis in  
the affairs of the United States  
since the Spanish-American  
war. The Republican will con-  
tinue to be on the job for all  
kinds of news.

## YOUTHFUL THIEF FOUND IN ORANGE

Cecil Cloud, Age 17, Wanted for  
Robbery of Newcastle Store,  
Located in Aunt's Home.

HE IS ILL WITH APPENDICITIS

Implicated by Confession of Claude  
Palmer, Who, With 2 Chicago  
Lads, Stole Hardware.

Cecil Cloud, 17 years old, wanted  
in Newcastle for the robbery of the  
E. R. Skinner hardware store, was  
located yesterday at the home of his  
aunt, Mrs. George Hay in Orange.  
He is very ill suffering from appendi-  
citis and could not be taken to New-  
castle. The papers were served on  
him and he will be taken there as  
soon as he is able.

The robbery of the store took  
place about a week ago and Cloud is  
alleged to have assisted Claude Pal-  
mer and two Chicago boys in enter-  
ing the place. Palmer was arrested  
last Saturday and in his confession  
implicated Cloud. Assistant Chief  
of Police Williams of Newcastle, after  
an investigation of the case,  
learned that Cloud was in Orange  
and with the sheriff, went there yester-  
day.

They had little difficulty in finding  
Cloud and he was placed under ar-  
rest. Although he was unable to  
furnish bond, he was allowed to re-  
main at the Hay home as the attend-  
ing physician stated as soon as  
Cloud is able to be moved he will  
notify the sheriff of Fayette county.  
The boy is very ill and an operation  
may be necessary.

Cloud, together with Claude Pal-  
mer, now under arrest and in jail  
awaiting trial, are said to have con-  
fessed to having broken into the  
Skinner store with Dillon Holmes  
and Edward Reif, two Chicago boys  
out to make their fortune. The boys  
stole several revolvers and a number  
of pocket knives and then walked to  
Shirley, where the revolvers were  
sold. The Chicago boys left the  
Newcastle lads, having decided to  
return home.

In their hurry to get back to New-  
castle Palmer and Cloud are said  
to have taken a horse and rig valued  
at \$300, which belonged to Clarence  
and Clifford Jackson, of near Shir-  
ley. They drove almost to New-  
castle and then turned the horse  
loose, walking the rest of the dis-  
tance. In Palmer's confession he  
told of entering the Skinner store  
and also of taking the rig.

Young Cloud is the son of Mr. and  
Mrs. Allan Cloud. When arrested  
yesterday he is said to have con-  
fessed the story as told by Palmer.

## Doctors Said He Had Dropsy

Some time ago I had an attack of  
grippe which finally settled in my kid-  
neys and bladder. I doctored with  
doctors and they claimed I had dropsy.  
I tried other remedies and got no relief  
from any of them. My condition was  
such that I was unable to work for  
about two months and the annoying  
symptoms caused me a great deal of  
trouble and pain. I was hardly able to  
turn over in bed. Seeing one of your  
Almanacs, I decided to give Dr. Kil-  
mer's Swamp Root a trial and after tak-  
ing several bottles was able to resume  
my work again. I cannot say too much  
in praise of your Swamp-Root as the  
results in my case were truly wonder-  
ful.

Yours very truly,

## ARBOR DAY IS OBSERVED HERE

School Children Carry Out Pro-  
grams and Plant 210 Trees in  
Civic Improvement Contest.

PLANTED AT THEIR HOMES

Local Chapter of Daughters of  
American Revolution Set Out 10  
Maple Trees in City Park.

Many trees were planted in this  
city today in observance of Arbor  
Day. The Rushville Civic Improve-  
ment and Social Service association  
alone gave out 210 trees and many  
more were planted besides these. The  
trees given out by the association  
were about equally divided between  
fruit trees and ornamental shade  
trees.

The planting of the trees under the  
auspices of the association was a  
part of the contest. It was one of the  
stipulations that the trees be plant-  
ed Arbor Day. The children planted  
the trees at their homes. Besides  
the planting of trees, Arbor Day was  
observed in other ways. Exercises  
were held in all the schools. Topics  
were assigned the schools and a sin-  
gle topic was either discussed or the  
entire group as the rooms saw fit. In  
several cases the different rooms  
combined in observing the day.

The planting of trees and observ-  
ance of the day was urged by the  
State Forestry association and it is  
more than likely that the day was  
observed here as it never was before.  
A greater interest was displayed. It  
is planned not to stop with today's ex-  
ercises on Arbor Day, but continue  
throughout the school year with  
themes dealing with Arbor Day. In  
this way interest will not lag.

The Jackson school combined their  
program and the entire school took  
part. The grades at the Graham  
school held their exercises separately  
with the exception of two rooms.  
Miss Applegate's and Miss Caldwell's  
classes held joint exercises. The  
Havens school also observed the  
day.

Almost everything pertaining to  
the use of trees, telling why it is  
best to plant trees, the protection to  
be derived and conservation were  
discussed in the schools. The city  
beautiful idea was also given a boost  
by the school children. This was  
one of the topics discussed.

In response to Governor Ralston's  
proclamation referring to Arbor  
Day, the Rushville chapter of the  
Daughters of the American Revolu-  
tion at its last meeting mentioned an  
Arbor Day committee consisting of  
Miss Lenora Norris, Miss Emma  
Casady and Mrs. C. E. Waldon. This  
committee, together with several  
other Daughters, met this morning at  
ten o'clock in the city park where  
they planted ten maple trees in a  
row on the south side of the park.

## COLLECTIONS ARE VERY SLOW

Continued from Page 1.

\$244,232.31 to be collected in the  
fall. Since January 1 only \$109,963.57  
has been collected, leaving a balance  
of \$205,036.43 to be collected in  
fourteen days. This means there  
must be an average of \$14,642 paid  
each day. This week the first four  
days the payments were as follows,  
showing that the taxes will have to  
come in much faster: Monday,  
\$4,019.68; Tuesday, \$2,889.38;  
Wednesday, \$5,878.53; Thursday,  
\$4,300.21.

County Treasurer McBride calls  
attention to a change in the law re-  
garding road tax receipts. Hereto-  
fore taxpayers who had "worked  
out" some of their road taxes had to  
present a receipt from the supervi-  
sor to the county treasurer. The  
1913 legislature changed the law so  
that now the road supervisor is com-  
pelled to turn over all road receipts  
to the township trustee in September  
and he in turn files them with the  
county treasurer on or before Janu-  
ary 1.

The county treasurer says many

have gone to the trouble to try to  
find their road tax receipts. If, he  
says, as has been the case when the  
supervisor was careless, any tax-  
payer has not been given credit for  
work one, he can take the matter up  
with the supervisor and trustee and  
they can adjust it out of the town-  
ship road fund.

\* **TO SEND SIX MILLION** \*  
\* **BEES BY PARCEL POST** \*  
\*\*\*\*\*  
(By United Press.)

Parkertown, O., April 17.—Uncle  
Sam's parcel post will carry about  
6,000,000 queen bees from this place  
during the coming summer in small  
packages destined to all parts of the  
civilized world. H. G. Quirin, who  
operates perhaps the largest bee  
farm in the United States estimates  
his orders will call for that number  
of queens. Last year Quirin shipped  
queen bees with their "escorts" of  
working bees, in little parcel post  
packages to all parts of America,

## GRADUATE DRESS WILL BE UNIFORM

At Commencement Exercises This  
Year Boys Will Wear White  
Trousers and Blue Coats.

GIRLS WILL BE ALL IN WHITE

Annual Event Will be Held May 29  
and Class of 37 or 38 Will be  
Graduated. 6 Weeks Left.

Today ended the second period of school work, in the Rushville schools. Now the "kids" are counting the number of days, which yet remain of the present school term. Six more weeks or thirty school days are left.

As the school term nears a close, it is then the busiest place in the city. Preparations are then being made for the final "exams," and every one is nervous, until the cards are given out. Several schools over the county are closed, and many will close within the next few weeks.

Most all of the country town schools have some form of entertainment for the closing week. Nearly every high school in this county has given a play, and the Rushville high school will not be outdone. It will give a three-act musical comedy, "The Captain of Plymouth," Friday, May first, in the Coliseum.

Perhaps the busiest group of students at this time are the seniors. They in Rushville have five more weeks of school. At a class meeting the other night it was decided that no uncalled for expense would be made this year in graduating. The dress will be simple and uniform. The boys will wear white trousers and blue coats. The girls will wear white skirts and white middie blouses, with blue ties. The senior class colors are blue and white.

The commencement exercises will be held May 29th and a class of 37 or 38 will be graduated. As it has always been the custom of the juniors to give some entertainment for the seniors, just what this entertainment will be this year, is not fully decided upon. Several years past the juniors have given receptions, but something new is trying to be found for this year.

### CUP DEFENDER LAUNCHED.

(By United Press.)

Bristol, R. I., April 17.—Mother Ocean today took to her bosom one of the yachts which will battle among themselves for the honor of representing America in defense of the America's Cup against Sir Thos. Lipton's Shamrock IV next September. The ocean racer launched today is the Resolute, the Herreshoff's entry. It was the first of the American Defenders to take the water. The ceremonies today were elaborate.

## WILL OPEN IN BIG TIME STYLE

Mayor Bebout Will Throw First Ball  
in Game With U. S. Navy Team  
and Arcadians

GROUNDS WILL BE IN SHAPE

Fans Will Have First Chance to See  
New Players in Action—James  
to Start Game.

The baseball-season will be opened Sunday in big league style. Mayor Bebout has consented to pitch the first ball and a large crowd is expected to be on hands to see his honor in the role of pitcher. The attraction for the opening game will be the United States Navy team of Indianapolis. Mayor Bebout stated to day that he felt right to pitch the entire first inning if Manager Fisher thought Lefty James was not capable.

The Navy team is composed of a classy bunch of ball players and will furnish a fast enough article of ball for the opening game. The Navy boys have had more practice than the Arcadians. Yesterday they defeated the Butler College team 3 to 0 in a practice game and should be in fine shape for the game here Sunday. Rice will probably start the game on the mound for the visitors.

The Arcadians will have many new faces in the line up and the fans are speculating as to how they stack up against last year's team. Manager Fisher has not let money stand in the way of securing good players and if the team Sunday does not come up to expectations then the men can expect to look elsewhere for a job. Thomas James of Cincinnati, the pitcher, is a left hand twirler and is said to be one of the best in the Queen City. He is a high priced pitcher and should give the fans all they are looking for.

The other pitcher is Tomlin of Indianapolis. Tomlin is a big fellow and throws right handed. Both will be given a chance Sunday as Fisher figures it too early in the season to go the entire route. Bridgeman, who was popular with the fans, will again be seen on first base. Bridgeman is in condition as he has been playing all spring on one of the college teams of the state. The other new men are Fisse on second, Johannes at short and O'Dell in right. All of the men are anxious for the start and displaying the spirit that will make a good team. E. F. Walton of Indianapolis, a professional umpire will be their regular official at the games this year. He will be here Sunday and the fans are assured of some classy work on his part.

The grounds look better than they ever did before. The outfield has been leveled and rolled and the infield has been sodded. It adds much to the appearance of the grounds.

## THE CASE OF JENNIE BRICE

By MARY ROBERTS RINEHART

Copyright, 1913, by the Bobbs-Merrill Company

"Is it not true, Mrs. Pitman," he said, "that many articles, particularly shoes and slippers, are found floating around during a flood?"  
"Yes," I admitted.  
"Now, you say the dog found this slipper floating in the hall and brought it to you. Are you sure this slipper belonged to Jennie Brice?"  
"She wore it. I presume it belonged to her."  
"Ah! Now, Mrs. Pitman, after the Ladleys had been moved to the upper

"Are you sure this slipper belonged to Jennie Brice?"

floor, did you search their bedroom and the connecting room downstairs?"

"No, sir."  
"Ah! Then how do you know that this slipper was not left on the floor or in a closet?"

"It is possible, but not likely. Anyhow, it was not the slipper alone. It was the other things and the slipper it was."

"Exactly. Now, Mrs. Pitman, this knife. Can you identify it positively?"

"I can."  
"But isn't it true that this is a very common sort of knife? One that nearly every housewife has in her possession?"

"Yes, sir. But that knife handle has three notches in it. I put the notches there myself."

"Before this presumed crime?"

"Yes, sir."

"For what purpose?"

"My neighbors were constantly borrowing things. It was a means of identification."

"Then this knife is yours?"

"Yes."

"Tell again where you left it the night before it was found floating downstairs."

"On a shelf over the stove."

"Could the dog have reached it there?"

"Not without standing on a hot stove."

"Is it not possible that Mr. Ladley, unable to untie the boat, borrowed your knife to cut the boat's painter?"

"No painter was cut that I heard about. The paper hanger?"

"No, no. The boat's painter—the rope."

"Oh! Well, he might have. He never said."

"Now, then, this towel, Mrs. Pitman. Did not the prisoner on the following day tell you that he had cut his wrist in freeing the boat and ask you for some court plaster?"

"He did not," I said firmly.

"You have not seen a scar on his wrist?"

"No." I glanced at Mr. Ladley. He

## Rheumatism and Bright's Disease

Prof. Budlong Was Quickly Relieved of Both Afflictions by Using Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to relieve the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully. Tried many advertised remedies. After using your truly remarkable preparation, RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

was smiling as if amused. It made me angry. "And what's more," I flashed, "if he has a cut on his wrist, he put it there himself to account for the towel."

I was sorry the next moment that I had said it, but it was too late. The counsel for the defense moved to exclude the answer, and I received a caution that I deserved. Then:

"You saw Mr. Ladley when he brought your boat back?"

"Yes."

"What time was that?"

"A quarter after 4 Monday morning."

"Did he come in quietly, like a man trying to avoid attention?"

"Not particularly. It would have been of no use. The dog was barking."

"What did he say?"

"That he had been out for medicine. That his wife was sick."

"Do you know a pharmacist named Alexander—Jonathan Alexander?"

"There is such a one, but I don't know him."

I was excused, and Mr. Reynolds was called. He had heard no quarreling that Sunday night, had even heard Mrs. Ladley laughing. This was about 9 o'clock. Yes, they had fought in the afternoon. He had not overheard any words, but their voices were quarrelsome, and once he heard a chair or some article of furniture overthrown. Was awakened about 2 by footsteps on the stairs, followed by the sound of oars in the lower hall. He told his story plainly and simply. Under cross examination admitted that he was fond of detective stories and had tried to write one himself; that he had said at the store that he would like to see that "conceited ass" swing, referring to the prisoner; that he had sent flowers to Jennie Brice at the theater, and had made a few advances to her, without success.

My head was going round. I don't know yet how the police learned it all, but by the time poor Mr. Reynolds left the stand half the people there believed that he had been in love with Jennie Brice, that she had spurned his advances, and that there was more to the story than any of them had suspected.

Miss Hope's story held without any alteration under the cross examination. She was perfectly at ease, looked handsome and well dressed, and could not be shaken. She told how Jennie Brice had been in fear of her life and had asked her, only the week before she disappeared, to allow her to go home with her—Miss Hope. She told of the attack of hysteria in her dressing room, and that the missing woman had said that her husband would kill her some day. There was much wrangling over her testimony, and I believe at least a part of it was not allowed to go to the jury. But I am not a lawyer, and I repeat what I recall.

"Did she say that he had attacked her?"

"Yes, more than once. She was a large woman, fairly muscular, and had always held her own."

"Did she say that these attacks came when he had been drinking?"

"I believe he was worse then."

"Did she give any reason for her husband's attitude to her?"

"She said he wanted to marry another woman."

There was a small sensation at this. If proved it established a motive.

"Did she know who the other woman was?"

"I believe not. She was away most of the day, and he put in his time as he liked."

"Did Miss Brice ever mention the nature of the threats he made against her?"

"No, I think not."

"Have you examined the body washed ashore at Sewickley?"

"Yes—in a low voice."

"Is it the body of Jennie Brice?"

"I cannot say."

"Does the remaining hand look like the hand of Jennie Brice?"

"Very much. The nails are filed to points, as she wore hers."

"Did you ever know of Jennie Brice having a scar on her breast?"

"No, but that would be easily concealed."

"Just what do you mean?"

"Many actresses conceal defects. She could have worn flesh colored plaster and covered it with powder. Also, such a scar would not necessarily be seen."

"Explain that."  
"Most of Jennie Brice's décolleté gowns were cut to a point. This would conceal such a scar."  
Miss Hope was excused, and Jennie Brice's sister from Olean was called. She was a smaller woman than Jennie Brice had been, very ladylike in her manner. She said she was married and living in Olean; she had not seen her sister for several years, but had heard from her often. The witness had discouraged the marriage to the prisoner.

"Why?"  
"She had had had luck before."  
"She had been married before?"

"Yes, to a man named John Bellows. They were in vaudeville together on the Keith circuit. They were known as The Pair of Pillows."

I sat up at this, for John Bellows had boarded at my house.

"Mr. Bellows is dead?"

"I think not. She divorced him."

"Did you know of any scar on your sister's body?"

"I never heard of one."

"Have you seen the body found at Sewickley?"

"Yes," faintly.

"Can you identify it?"

"No, sir."

A flurry was caused during the afternoon by Timothy Senft. He testified to what I already knew—that between 3 and 4 on Monday morning, during the height of the flood, he had seen from his shanty boat a small skiff caught in the current near the Ninth street bridge. He had shouted encouragingly to the man in the boat, running out a way on the ice to make him hear. He had told him to row with the current and to try to steer in toward shore. He had followed close to the river bank in his own boat. Below Sixth street the other boat was within rope throwing distance. He had pulled it in and had towed it well back out of the current. The man in the boat was the prisoner. Asked if the prisoner gave any explanation—yes, he said he couldn't sleep and had thought to tire himself rowing. Had been caught in the current before he knew it. Saw nothing suspicious in or about the boat. As they passed the police patrol boat prisoner had called to ask if there was much distress and expressed regret when told there was.

Tim was excused. He had made a profound impression. I would not have given a dollar for Mr. Ladley's chance with the jury at that time.

To be continued

## Hyomei Relieves In Five Minutes

You Breathe it

If your head is all stuffed up from a cold or catarrh, you suffer with dull headaches and seem lacking in vitality, or are constantly sniffing and coughing, you need a remedy that will give the quickest, most effective and lasting relief possible—something that will go right to the spot, clear the head and throat and end your misery.

Surely use Hyomei—all the druggists sell it. It is just such a remedy, and is entirely harmless and pleasant to use—you breathe it—no stomach dosing.

The antiseptic oils of Hyomei mix with the air you breathe—its health-giving medication immediately reaches the sore and inflamed mucous membrane—you feel better in five minutes. It is practically impossible but permanently benefited. F. B. Johnson & Co will refund your money if you are not satisfied. Ask for the complete outfit—\$1.00 size.

**TRIANGLE DEBATE TONIGHT**  
Earlham, Indiana and DePauw Contest for Honors.  
(By United Press.)  
Bloomington, Ind., April 17.—Those conducting the triangle debate of Earlham, Indiana and DePauw to be held tonight in Greencastle, Richmond and this city were a little doubtful whether they would prove financial successes. The reason is that every team debates away from home. While some advantage is gained by having every debate before a neutral audience, there was some question whether there would be any audience. ## WHY ARE YOU SO TIRED?

The Weather is Not To Blame for That "Dragged Out" Feeling

"This weather simply takes the life right out of me, I can hardly drag one foot after the other," said a run-down, tired-out woman, the other day.

We want to say to every such person in this vicinity. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world famed tonics, namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood.

A case has just come to our attention from Milford, Mich. "Mrs. Julia Barber says: 'I was run-down and hardly able to drag about; my appetite was poor and I was not able to work. My druggist asked me to try Vinol. The first bottle helped me and after taking the second bottle I was able to work and felt well and strong. Vinol is the best medicine I have ever taken.'

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. F. B. Johnson & Co Druggists Rushville, Ind.

Effort was Made to Plant One Million Trees by State Forestry Association Today

FAIRBANKS AT FRANKFORT

Says That Nations Poor in Trees

Are Poor in Character—Urges Systematic Culture

(By United Press.)

Frankfort, Ind., April 17.—Whether one million trees would be planted in Indiana today could not be forecast, in the opinion of Charles Warren Fairbanks, who spoke to several gatherings here today in celebration of Arbor Day. He was certain, however, that the movement set on foot by the Indiana Forestry Association had been productive of much good.

"Arbor Day in every city today," he said, "following the proclamation of the Governor and the request of the superintendent of public instruction. In addition to the actual added wealth in trees, there will result a great good to the children who take part in the exercises, for they will be taught to care for the future."

Mr. Fairbanks said that in his trip aboard he had been able to contrast such old countries as Korea and China, practically treeless, with Germany and France, where systematic tree culture is practiced. "Nations that are poor in trees are poor in character," he said. He advocated the planing of parks by cities not only so that beauty spots might be had, but in order that more beautiful characters might be engendered in the citizens.

The speaker laid no stress on the possibility of flood prevention by tree planting. He said that in former years when the plow did not play such an important part it was possible to keep the hill sides wooded and to retain the water in the soil, but that tree culture purely for flood prevention was hardly practicable.

### MANY THINGS ON PROGRAM

Mrs. Sarah Guffin will leave this evening over the Pennsylvania for Richmond where she will join an Indianapolis party on the way to Washington to attend the twenty-third continental congress of the Daughters of the American Revolution. Mrs. Guffin is the regent of the chapter here.

Tomorrow night the president of the Smithsonian Institute will give a reception to the visiting Daughters and Monday President Wilson will make the welcoming address in the national continental hall. The president-general of the D. A. R., Mrs. W. C. Storey, will give a reception in continental hall and Tuesday President and Mrs. Wilson will hold a reception in the White House for the delegates and visitors.

Mrs. Guffin says there will be some lively contests over the offices which are to be filled. A new president-general will not be elected until next year.

Word has been received in this city that Haskell Higgins, son of Mr. and Mrs. J. M. Higgins, has received an advancement in the service of the Pennsylvania railroad. Mr. Higgins now has a position as first trick operator at North Vernon. He previously was ticket clerk at Jeffersonville.

## ASKS DIVORCE ON ANNIVERSARY

**Nettie M. Lantz Brings Action For  
\$10,000 Alimony Nine Years  
After Marriage.**

### ALLEGATIONS ARE STARTLING

**She Says She Hasn't Averaged \$10  
a Year in Giving Her Money  
His Third Wife.**

Mrs. Nettie M. Lantz, through her attorney, John H. Kiplinger, today filed suit for divorce from Jefferson Lantz and demands \$10,000 alimony, alleging that he is worth \$60,000. The complaint is very sensational and some startling allegations are made against the defendant. They are well known residents of Orange township.

They were married April 17, 1905, according to the complaint, which was just nine years ago today. She says they separated April 14, 1914. Mrs. Lantz accuses her husband of cruel and inhuman treatment and states that he is a man of high temper and easily becomes angry and often time at nothing. She says her health is not the best but regardless of this she has been compelled to work and in a way support herself.

She avers that her husband has been close and stingy at all times and that in all their married life he refused to give her money and that altogether he has not given her \$100. The complaint states that she was compelled to do manual labor and that she often had to scoop corn and do other things such as is not expected from a wife. She also says that he had no mercy because of her poor health and because of his treatment is at present a nervous wreck.

Mrs. Lantz avers that her husband is worth \$60,000 and that he owns 400 acres of land in Rush county and adjoining counties, and has personal property valued at \$8,000. A petition for a temporary restraining order was also filed along with the divorce complaint. In this the court is asked to forbid him from disposing of any of his personal property.

A temporary injunction was also asked and the court is asked to have him cited in court and show cause if any, why he should not pay her support money pending the outcome of the case. She alleges that he is her only support and for this reason asks a reasonable allowance.

Mrs. Lantz is the third wife of Jefferson Lantz. Mr. Lantz secured a divorce from his second wife in the local circuit court March 5, 1904 and in the following year remarried. The defendant in this suit was Louisa Lantz.

## COLLECTIONS ARE VERY SLOW

**County Treasurer Says Spring In-  
stallment Will Have to be Paid  
at Rate of \$14,642 a Day.**

### MANY WAYS TO ASSIST HIM

**No Statements of Taxes Due Can be  
Made After Next Week Because  
of Closing Rush.**

The taxpayers of Rush county may be of great assistance to the county treasurer's office, which is way behind in the collection of taxes, if they will but heed some of the requests of County Treasurer William M. McBride who pointed out today that the office would have to take in \$14,642 a day until the end of tax-paying season in order to collect all of the spring installment.

The county treasurer says that he and his office force will be able to make out statements for taxpayers next week, but that the week following, which is the last week for paying the spring installment, it would be impossible to mail or give statements at the office because of the rush of the closing days.

If, in requesting a statement of taxes they owe, the county treasurer says, the taxpayers will give the state, township or corporation in which they were assessed and state whether it is personal or real estate, they will save a great amount of work and thus enable the office force to get out the statements on time. It will readily be seen, he says, that unless the taxpayers are one with which he is very familiar, he has to go through fifteen different tax records, twelve townships and three corporations, to trace down all of the property owned by any given taxpayer.

He further points out that it is very important that the taxpayer give the name in which the property on which they pay taxes was assessed. Often a taxpayer buys real estate after it has been listed for taxation under the name of the former owner. In such cases the county treasurer has no means of determining from whom the taxes are collectable unless he is informed.

It is also requested by the treasurer that taxpayers, in requesting statements by mail, enclose a stamped, self addressed envelope. This saves much time and also enables the office force to return the statement or receipts, as the case may be, much sooner than otherwise. Much time is required in learning the addresses of persons who fail to mention it in their request for a statement, or when they pay their taxes.

The county treasurer cites Orange township as a case in point. He has found that taxpayers in that small township receive mail in many different ways: There are two rural mail routes out of Rushville into the township, and in addition there are mail routes entering the township from Greensburg, Shelbyville, Arlington, St. Paul and Manilla.

The collection of taxes this year is far behind other years. Although it was not possible to do much farm work last week, very few farmers paid their taxes and the collections were unusually small. It is urged that taxes be paid as promptly as possible to avoid the big rush the last few days. The county treasurer says he will employ all of the assistants possible, but they are, of course inexperienced.

The total tax charges for the year amount to \$559,232.31. The spring installment is larger and amounts to approximately \$315,000, leaving

## BARGAIN DAYS MAY BE REVIVED

**Retail Merchants Committee of  
Chamber of Commerce Meets  
and Decides to Call Session.**

### TO DISCUSS "BIG WEDNESDAY"

**Also Resolved to Hold Summer Band  
Concerts if Terms Can be Ar-  
ranged—Band Stand Wanted.**

Following the meeting of the retail merchants committee of the Rush County Chamber of Commerce last night at headquarters, L. B. Sneller today made public the meeting dates for several other committees.

The public health committee will meet tonight at headquarters at seven-thirty o'clock. Monday night the manufacturers committee meets at the same time and place and Monday afternoon the new industries committee will meet at four-thirty.

The retail merchants committee determined last night by unanimous vote to call together in the Chamber of Commerce headquarters next Tuesday morning at nine o'clock all of the merchants of the city who are interested in a "Big Wednesday," the bargain day arrangement which originated here a few years ago and was copied in many cities in the United States.

The committee will urge all merchants of the city, irrespective of whether they are members of the Chamber, to attend the meeting and participate in the discussion over the renewal of the bargain day project. "Big Wednesdays" were one of the most popular ventures ever tried here and it seems very likely that they will be revived.

Summer band concerts were also discussed last night and the committee considered the feasibility of arranging for them at once. In fact, it was resolved by the committee that if satisfactory terms could be arranged, the concerts will be a certainty.

The question of building a permanent band stand on the court house lawn also came up for the consideration of the committee. The general opinion of the members of the committee was that a band stand should be erected. This improvement, it is generally felt, would insure the band concerts for some time to come.

A number of things of lesser import were discussed by the merchants, but no definite steps were taken in any other regard. The committee talked over methods that may be devised to combat the mail order business, but no conclusions were reached. This topic will be taken up at a later meeting of the committee.

Several committee meetings will be called for next week by the secretary, in addition to those already announced. There are several committees which have not yet held a meeting.

(By United Press.)

New York, April 17.—In an attempt to assassinate Mayor Mitchel, a middle aged man taken to be David Rose, at 1:20 o'clock this afternoon shot corporation counsel Frank O. Polk as he entered the mayor's auto in front of the main entrance of the city hall. The mayor was seated in the machine when the shot was fired. C. H. Duncan by chance, passed directly in front of Rose as he approached the automobile. The bullet struck Duncan on the arm and glanced upward hitting Polk in the chin.

The man aimed directly at the mayor and it was only the chance interference of Duncan that the mayor escaped injury.

Although the man's clothes all bore the name "David Rose," he insisted that his name was David Salasheim.

Police Commissioner Woods was in the car with the mayor, but the mayor was nearer the open door and got out first. The chauffeur helped the mayor hold the man with the revolver and Detective George Meun who was nearby seized the pistol. The assailant seemed almost to collapse and made no resistance. As he tottered backward he was supported by Meun who took charge of him.

The prisoner was taken into the police station on the ground floor of

### TRABUE MEETS A. J. STOBART

At the meeting of Ivy Company No. 35, Uniform Rank Knights of Pythias last night, it was decided to enter the prize drill at the national encampment which will be held in Terre Haute in July. The local company will be in class A. or B. The company also voted last night to buy service uniforms for the entire company. They are made of khaki and are for practice and to be worn in camp.

The company will go to Knights-town to confer the degree on ten members of Knightsdown company No. 224, and perhaps some members of the Cambridge City company. Drills will be held Monday, Tuesday and Friday nights of next week.

Samuel L. Trabue, adjutant general of the staff of Major Arthur J. Stobart, commanding the Uniform Rank of the United States and Canada, went to Terre Haute this afternoon to meet Major Stobart and assist in making arrangements for the national encampment. Major Stobart will be in Indianapolis Sunday, and if he has the time, it is possible he will attend the K. of P. meeting here Monday night.

(By United Press.)

Washington, April 17.—"Mexico will salute the way we want them to or there will be war,"

This was the emphatic declaration this afternoon of Senator Shively of Indiana, chairman of the Senate foreign relations committee.

"I have been informed since the cabinet meeting," he said, "that the Mexicans have suggested a simultaneous salute and that this government will never stand for it. I fully approve of this stand by the administration and personally feel very strongly about it. Our ships are now on the way to Mexico and go fully prepared to back up the original demand of this government in reparation for the insult."

No simultaneous salute will be accepted by the government as an apology for the action of the Mexicans in their insult to our flag. The president, I am informed, will insist on the salute being given the way it was originally intended and will cause Huerta to be notified of his intentions at once.

"If the Mexicans persist in their refusal there will be war with all that that implies."

The incident at Tampico is not

## GUARDS REMOVED FROM TAYLOR HOME

**City Health Board Decides That Best  
Protection from Smallpox is  
Vaccination.**

### WILL OBEY QUARANTINE

The city health board this morning removed the guards from the home of Alpheus Taylor, where his son Chester Taylor is suffering from the smallpox. The Taylor family agreed to abide by the quarantine established by the health department and the guards were removed. The expense to the city was \$10 a day and it was thought best to do away with the guards.

The health board decided that the best way for the people to protect themselves from smallpox was through vaccination. If it is seen that the Taylor family will not obey the quarantine, then the board will take the steps to see that they do. Because there is only one case of the disease the board could see no reason for maintaining the guards. It is pointed out that the people do not require guards where they are quarantined because of diphtheria and other contagious diseases and it is up to the people to afford their own protection by vaccination.

## SAYS HUERTA'S OBJECT IS WAR

**United Press Correspondent Gets  
Code Message Through Strict  
Censorship at Mexico City.**

### DICTATOR WANTS A FIGHT

**Hopes to Solidify Mexican People in  
Support of His Otherwise  
Doomed Government.**

(By U. P. Staff Correspondent.)

Mexico City, April 17.—General Huerta wants a declaration of war. This is his object in the present negotiations over the Tampico incident. He has been in almost constant conference with his cabinet and congress. It became known today that it is now his desire to bring about warfare between Mexico and the United States on the theory that it will solidify the Mexican people in support of his otherwise doomed government.

The above message, which was sent by code so as to escape the censor, was received today by the New York office of the United Press from its staff correspondent in Mexico City who has been in close touch with the situation for a year. The message was necessarily brief and could not carry any details in view of the extraordinarily strict censorship.

This message, which was the first important news dispatch from Mexico City since the Tampico incident, threw the first definite light on the attitude of Huerta in the crisis which led to the dispatch of the Atlantic and Pacific fleets to Mexican waters.

### SONS OF REVOLUTION MEET.

(By United Press.)

Washington, April 17.—Because its constitution calls for holding the annual meeting in this city, the General Society, Sons of the Revolution met here today—on a wharf. The sons, however, did not tarry long. Instead they boarded a Potomac river boat on route to Yorktown and other points of historic interests in Virginia.

## A Woman's Dollar is Bigger

The average woman gets more for her money than the average man does—her dollar has a greater purchasing power.

Women are the best readers of advertising we have.

Is there not a direct connection of cause and effect between these two facts?

Woman has proved for herself that it pays to know what is being offered before she buys.

She knows what her dollar is worth and she means to get the most for it.

She finds the advertising one of the most interesting and helpful features of her daily newspaper.

# Have You Had Unpleasant Business Relation

With the man you bought Buggies from? Has he overestimated his buggies to you? Has he talked quality to you in order to get more money for his buggies than they were really worth? Have you ever found that your neighbor bought a buggy just like one you bought and didn't pay as much for it as you did for yours? Has he told you when something went wrong with your buggy that was caused by defective material or improper workmanship that you had misused the buggy or it would never have happened? Has he told you that he had the only buggies and his competitors didn't have a thing worth hauling home? Did you ever know one of the above things to happen one of our customers? Think these things over, have a heart to talk with yourself and then come in and see the new style buggy we are selling this year. You will like it and if you buy one of them you will be satisfied.

# EXHIBITS ARE VERY EFFECTIVE

Agricultural Education Displays Call Attention to Valuable Experimental Work in Crops.

INFORM IN VERY DIRECT WAY

Purdue Exhibits Carry Numerous Practical Lessons on Soil Improvement and Live Stock.

"Agricultural educational exhibits with competent men in charge," says Prof. Christie, "are beyond all question, one of the many effective means now in use, in Indiana, for calling attention to the valuable experimental work in crops, soils and livestock, now in progress at Purdue and elsewhere."

"They serve to impart" he further comments, "information in a direct way, information of great value to all interested in better farming in Indiana. This information is based on our own experimental work and upon that of similar institutions elsewhere, likewise upon the experience of the most successful farmers over the state."

The demands for assistance coming from farmers directly and indirectly, are more and more insistent and frequent, as the need for better farming impresses itself upon everyone. The agricultural extension department at Purdue has prepared these exhibits to meet such demands. They are designed for use mainly at the various fall fairs.

Purdue exhibits carry numerous practical lessons on soil improvement, selection, care, feeding, breeding of all classes of live-stock, dairy herd improvement, better methods in field crop growing, control of farm pests, establishing and caring for an orchard, better home-making, interesting the boys and girls, etc. The facts and suggestions conveyed by the Purdue exhibits are not hidden behind theories and technical statements, but are set forth clearly, practically, and simply.

Each of the three or four exhibits available is complete, weighs about a ton, and takes available space up to 50 or 60 running feet. They add a splendid educational feature to any fair and can be had at small cost. Two or three different forms of exhibits can be had this year. Write to Agricultural Extension Department, Purdue University, Lafayette, for detailed information.

# FINDINGS ARE NEGATIVE

Fayette Grand Jury Adjourns After Inquiry Into Reynolds Death.

(Special to the Daily Republican.)

Connersville, Ind., April 17.—The grand jury was dismissed here yesterday following a long investigation into the rather strange death of Mrs. Ivy L. Reynolds, the marriage of whose husband took place only a week after her demise. Acting on the report of R. P. Noble, an Indianapolis chemist, to the county coroner, that no poison was found in the woman's stomach, the grand jury adjourned sine die. Suspicion was aroused by the circumstances surrounding the death of the woman and the prosecutor ordered an investigation.

It is estimated that 75 per cent. of the laws have to do with the home in some way.

# GLORIOUS HAIR

Girls and women of all ages want to be beautiful and attractive, but unsightly, thin and lifeless hair destroys half the beauty of a pretty face.

If your hair is losing its natural color, is falling out, dull, streaky, full of dandruff, too dry, or if the scalp itches and burns do not be alarmed, use Parisian Sage. Rub it well into the scalp. It will go right to the hair roots, nourish them, and stimulate the hair to grow long and beautiful. It removes dandruff with one application, stops itching scalp, falling hair and makes the head feel fine.

Parisian Sage supplies the hair with what is needed to make it soft, fluffy, thick and gloriously radiant. It is sold in fifty cent bottles by F. B. Johnson & Co and at all drug counters. Look for the trade mark—"The Girl with the Auburn Hair." Accept no other.

Rushville Citizens Should Read and Heed this Advice

Kidney trouble is dangerous and often fatal.

Don't experiment with some thing new and untried.

Use a tested Kidney remedy. Begin with Doan's Kidney Pills.

Used in kidney troubles 50 years. Recommended here and every where.

A Rushville citizen's statement forms convincing proof.

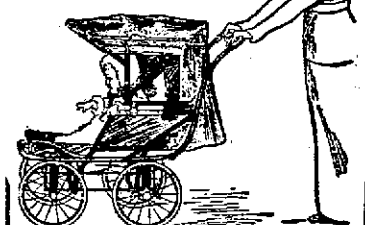

It's local testimony—it can be investigated.

John Singer, 201 S. Pearl street, Rushville Ind., says: "I suffered from backache, especially at night and when I got up in the morning I was lame. I tired easily and headaches and dizzy spells bothered me. The kidney secretions contained sediment. Doan's Kidney Pills greatly benefited me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Singer had. Foster-Milburn Co., Props., Buffalo, N. Y.

## The Shorter Your Skirt, the Better Is the Last Gasp of Fickle Fashion

BY MARGARET MASON  
(Written for United Press.)

New York, April 17.—What a boon these new 3-in-one dresses will be to all fascinating lady blackmailers and shoplifters. Nowadays when Abbie, the alluring adventuress, leaves her hotel in a chic costume of black taffeta and rosin egg blue with a brace of square jawed deities at her high French heels she despairs not. Instead, she hurriedly turns the corner pulls a string and lo! she is garbed in ebony hue from top to toe. Curses from the baffled bloodhounds of the law who are left bewildered, swallowing their charges and Adam's apples—and there you are!

But assuredly those are not the only circles which will receive the handy quick change costumes with open arms. The more circum-pet embrace of the poor but honest society girl whose frocks must needs number more than her paltry pence awaits them joyously.

A sample of the possibility of these chameleon-like garments is a model of ash-colored faille with a self-toned shoulder cape and deep tunic banded in rose and blue-striped taffeta. Scene two and the tunic and cape are turned wrong side out becoming a tunic of old blue taffeta. For the third and positively last appearance a corl about the waist is deftly twicked and the tunic gathers itself up into a delectable bustle effect while the cape is simply shed entirely. Naturally the combinations and surprises of these trick gowns are as limitless as the ingenuity of the present-day dress-makers.

Since the skirts have reached the limit of narrowness they have been forced to bow to the law of locomotion and take up their slack in other directions. Hence their upward trend and pronounced tendency toward abbreviation. The shorter your skirt the better seems to be the last gasp of fickle fashion, and actually some of them are finished in flaring ruffles and double and treble rufflings on their ankle length edges. It will obviously take the hobbled and mincing-step maiden of the last few seasons some time to get her stride in the newest short and almost wide skirts.

And just to prove that the old adage "a place for everything and everything in its place" has no standing in the realms of the mode back combs are now being worn in front

if you please. It's the very smartest place for them nestling right over your forehead fringe in the front luff of the correct new high coiffure.

Whether you choose the zebra or a stick of peppermint candy as your model it little matters if you just are striped. To be right in line with the style you must be heavily lined in two-toned strippings or the variegated hues of the Roman silks. Black and white stripes running up and down are very chic with combination of blue and green as a close rival. Striped skirts in combination with plain jackets of taffeta or moire are decidedly good, while Russian blouse suit with plain blue-toned duvetyne blouse finished around the hips in a tunic of striped green and blue taffeta silk sleeves of the same are stunning with the plain duvetyne skirt. Stripes have even stamped themselves upon the smart Spring hosiery mostly in black and white effects.

If a mere man meets a pretty maid these days totting a neat little leather case like a miniature medicine bag he mustn't build up hopes of annexing her as his family physician by any means. One case doesn't make a doctor, particularly if it be a smart little leather affair in colored leather. All the girls are carrying these practical small square leather boxes in lieu of the more conventional bags and purses of yore.

Opened up before the uninitiated they display a bewildering array of every little thing needed to repair, perfect or manufacture a completion on the spot. You may have all the comforts and necessities of your dressing table at your finger ends so no wonder femininity is quite mad about them.

Less practical as first aid to injured complexions but more charming as necessities of the dainty spring frock are the brilliant hand-colored bags of hand wrought leather, their tops incrustated with many colored semi-precious stones and suspended on chains of gay-toned beads.

With an omnipresent bead neck chain to match, these illuminated leather bags are bright and effective touches to an otherwise monotone toilette.

Since the maid of yore so devout at telling her beads it is only meet that the maid today should see to it that beads are the telling part of her chic costume.

The Ladies Aid society of the New Salem M. E. church was entertained Thursday by Mrs. O. J. Cook. A very interesting program was given and enjoyed by everyone, and a tempting luncheon was served. The next meeting will be held with Mrs. Laura Stevens. A large crowd was at the meeting. The visitors were the Misses Ruby Stewart, Eva Mercer, Hazel Roach, Maggie Metcalf, Dorothy Beaver and Mrs. Eli Hardwick. Mrs. Jess Winkler, Mrs. William Moore, Mrs. Fred Matney and Mrs. J. D. Stewart were taken into the society.

Mr. and Mrs. Alvan Moor entertained delightfully yesterday afternoon and evening, honoring their son, and his wife, Mr. and Mrs. Francis Carr Moor, who were lately married. Guests were received in the afternoon between the hours of two-thirty and four, and four and five-thirty. Mrs. Alvan Moor, Mrs. F. C. Moor and Mrs. T. W. Lytle were in the receiving line. In the evening at six-thirty o'clock twelve couples, friends of Mr. and Mrs. F. C. Moor, were entertained with a three-course dinner.

In the afternoon refreshments of ice cream, coffee, cake and mints were served. Mrs. F. C. Moor sang several beautiful solos. Montani, an Indianapolis harpist, playing during the reception. Jonquils were used to the best of advantage in arranging dainty decorations. Mrs. Etta Bitmors of Franklin was the only guest from out of the city.

## Overworked by Detail.

Whatever may be said as to the  
desirability of state or national regu-  
lation of public utilities, the admin-  
istrative difficulties are unquestion-  
ably enormous. The amount of detail  
work put upon the commissions of  
the various states, by the public  
utility laws, is so great that it is  
questionable whether any of these  
commissions is even yet equipped to  
make available for intelligent use the  
vast mass of information, which the  
utilities are compelled to furnish  
them. Indeed in many cases, com-  
missions are forced by the very vol-  
ume of duties imposed upon them to  
devote their attention to those which  
they consider the most important  
and to neglect others of seemingly  
less importance.

This point was strikingly illus-  
trated to the House Committee on In-  
terstate Commerce during the course  
of the hearing on the Steel Car Bills.

One speaker advanced the argu-  
ment that under the jurisdiction of  
the Interstate Commerce Commission  
the affairs of electric railways would  
be neglected in favor of the seem-  
ingly more important matters con-  
nected with steam roads, and pointed  
out that after six or seven years' ju-  
risdiction over electric railways,  
the Commission paid so little atten-  
tion to this branch of its work that  
it was impossible to find in its report  
a list of electric railways reporting  
and their mileage.

The administration of the affairs of  
a single railway company is a work  
of complexity and magnitude. Multi-  
plied by the number of companies in  
our larger states it assumes colossal  
proportions and while regulation is,  
of course, not administration, in  
many instances, in some aspects, it is  
fast approaching it and in conse-  
quence the detail assumed by the  
commissions is swamping their forces  
clogging their machinery and is re-  
sponsible for those delays, which are  
hampering to the companies, annoy-

ing to the public, and costly to the  
State.

It is a constantly increasing cause  
of criticism of Public Service Com-  
missions, that they are so overwhelmed  
with detail, that they have not the  
time to devote to the broader and  
more essential duties assigned them.  
In bare administrative efficiency, the  
commissions have much to learn from  
the companies, over whose destinies  
they preside and whose affairs they  
guide.

### What Our Neighbors Are Talking About

## APPLIED TO INDIANA.

(Muncie Press.)

The statement is being made by  
some papers and politicians that the  
result in the seventh New Jersey dis-  
trict was due to a reapportionment  
since 1912. This is absolutely with-  
out foundation. There was a reap-  
portionment of the district during  
the New Jersey legislative session of  
1911-12, but it was in this new dis-  
trict that the election of 1912 was  
held. It was carried by Representa-  
tive Bremner, democrat, by a plural-  
ity of more than 3,600. The city of  
Passaic, which comprises most of  
this district, gave Roosevelt 11,000  
votes, Wilson 10,000 and Taft 5,000.  
There is no denying or minimizing  
the tremendous importance of the  
Seventh New Jersey election. The  
same drift revealed there would, ap-  
plied to Indiana election result of  
1912, make Indiana republican in the  
fall by between 99,000 and 100,000.  
It may be added that owing to the  
splendid demand for silk due to the  
dancing craze, the silk industry,  
which centers at Passaic, is boom-  
ing. If the election had occurred in  
some one of the districts which has  
been really hard to hit by the Under-  
wood tariff as scores of them have  
been, there is no telling what the re-  
sult would have been, but it looks as  
if it would have been pretty near  
unanimous.

### VALUE OF NEW SERVICE.

The excellency of the dis-  
patch service furnished by the  
United Press Associations to  
the Daily Republican was again  
shown this week, Tuesday even-  
ing the Republican was the only  
newspaper published or circu-  
lated in Rushville or Rush  
county that contained a story of  
the important move of the Uni-  
States navy department order-  
ing the whole Atlantic fleet into  
Mexican waters to compel  
Huerta, the Mexican dictator,  
to salute the Stars and Stripes  
to make amends for indignities  
heaped on the United States  
by the arrest of United States  
marines. Again Thursday even-  
ing the Republican was the only  
newspaper published or circu-  
lated in the city or county that  
gave an account of the end of  
this most important crisis in  
the affairs of the United States  
since the Spanish-American  
war. The Republican will con-  
tinue to be on the job for all  
kinds of news.

## YOUTHFUL THIEF FOUND IN ORANGE

Cecil Cloud, Age 17, Wanted for  
Robbery of Newcastle Store,  
Located in Aunt's Home.

## HE IS ILL WITH APPENDICITIS

Implicated by Confession of Claude  
Palmer, Who, With 2 Chicago  
Lads, Stole Hardware.

Cecil Cloud, 17 years old, wanted  
in Newcastle for the robbery of the  
E. R. Skinner hardware store, was  
located yesterday at the home of his  
aunt, Mrs. George Hay in Orange.  
He is very ill suffering from appendi-  
citis and could not be taken to New-  
castle. The papers were served on  
him and he will be taken there as  
soon as he is able.

The robbery of the store took  
place about a week ago and Cloud is  
alleged to have assisted Claude Pal-  
mer and two Chicago boys in enter-  
ing the place. Palmer was arrested  
last Saturday and in his confession  
implicated Cloud. Assistant Chief  
of Police Williams of Newcastle, af-  
ter an investigation of the case,  
learned that Cloud was in Orange  
and with the sheriff, went there yes-  
terday.

They had little difficulty in finding  
Cloud and he was placed under ar-  
rest. Although he was unable to  
furnish bond, he was allowed to re-  
main at the Hay home as the attend-  
ing physician stated as soon as  
Cloud is able to be moved he will  
notify the sheriff of Fayette county.  
The boy is very ill and an operation  
may be necessary.

Cloud, together with Claude Pal-  
mer, now under arrest and in jail  
awaiting trial, are said to have con-  
fessed to having broken into the  
Skinner store with Dillon Holmes  
and Edward Reif, two Chicago boys  
out to make their fortune. The boys  
stole several revolvers and a number  
of pocket knives and then walked to  
Shirley, where the revolvers were  
sold. The Chicago boys left the  
Newcastle lads, having decided to  
return home.

In their hurry to get back to New-  
castle Palmer and Cloud are said  
to have taken a horse and rig valued  
at \$300, which belonged to Clarence  
and Clifford Jackson, of near Shir-  
ley. They drove almost to New-  
castle and then turned the horse  
loose, walking the rest of the dis-  
tance. In Palmer's confession he  
told of entering the Skinner store  
and also of taking the rig.

Young Cloud is the son of Mr. and  
Mrs. Allan Cloud. When arrested  
yesterday he is said to have con-  
fessed the story as told by Palmer.

### Doctors Said He Had Dropsy

Some time ago I had an attack of  
grippe which finally settled in my kid-  
neys and bladder. I doctored with  
the doctors and they claimed I had dropsy.  
I tried other remedies and got no relief  
from any of them. My condition was  
such that I was unable to work for  
about two months and the annoying  
symptoms caused me a great deal of  
trouble and pain. I was hardly able to  
turn over in bed. Seeing one of your  
Almanacs, I decided to give Dr. Kil-  
mer's Swamp Root a trial and after tak-  
ing several bottles was able to resume  
my work again. I cannot say too much  
in praise of your Swamp Root as the  
results in my case were truly wonder-  
ful.

Yours very truly,  
ROBERT BALLARD,  
Mansfield, Pa.  
Sworn and subscribed before me this  
7th day of May, 1912.

## ARBOR DAY IS OBSERVED HERE

School Children Carry Out Pro-  
grams and Plant 210 Trees in  
Civic Improvement Contest.

## PLANTED AT THEIR HOMES

Local Chapter of Daughters of  
American Revolution Set Out 10  
Maple Trees in City Park.

Many trees were planted in this  
city today in observance of Arbor  
Day. The Rushville Civic Improve-  
ment and Social Service association  
alone gave out 210 trees and many  
more were planted besides these. The  
trees given out by the association  
were about equally divided between  
fruit trees and ornamental shade  
trees.

The planting of the trees under the  
auspices of the association was a  
part of the contest. It was one of the  
stipulations that the trees be plant-  
ed Arbor Day. The children planted  
the trees at their homes. Besides  
the planting of trees, Arbor Day was  
observed in other ways. Exercises  
were held in all the schools. Topics  
were assigned the schools and a sin-  
gle topic was either discussed or the  
entire group as the rooms saw fit. In  
several cases the different rooms  
combined in observing the day.

The planting of trees and observ-  
ance of the day was urged by the  
State Forestry association and it is  
more than likely that the day was  
observed here as it never was before.  
A greater interest was displayed. It is  
planned not to stop with today's ex-  
ercises on Arbor Day, but continue  
throughout the school year with  
themes dealing with Arbor Day. In  
this way interest will not lag.

The Jackson school combined their  
program and the entire school took  
part. The grades at the Graham  
school held their exercises separately  
with the exception of two rooms.  
Miss Applegate's and Miss Caldwell's  
classes held joint exercises. The  
Havens school also observed the  
day.

Almost everything pertaining to  
the use of trees, telling why it is  
best to plant trees, the protection to  
be derived and conservation were  
discussed in the schools. The city  
beautiful idea was also given a boost  
by the school children. This was  
one of the topics discussed.

In response to Governor Ralston's  
proclamation referring to Arbor  
Day, the Rushville chapter of the  
Daughters of the American Revolution  
at its last meeting mentioned an  
Arbor Day committee consisting of  
Miss Lenora Norris, Miss Emma  
Casady and Mrs. C. E. Waldon. This  
committee, together with several  
other Daughters, met this morning at  
ten o'clock in the city park where  
they planted ten maple trees in a  
row on the south side of the park.

## COLLECTIONS ARE VERY SLOW

Continued from Page 1.

\$244,232.31 to be collected in the  
fall.

Since January 1 only \$109,963.57  
has been collected, leaving a balance  
of \$205,036.43 to be collected in  
fourteen days. This means there  
must be an average of \$14,642 paid  
each day. This week the first four  
days the payments were as follows,  
showing that the taxes will have to  
come in much faster: Monday,  
\$1,019.68; Tuesday, \$2,889.38;  
Wednesday, \$5,878.53; Thursday,  
\$4,300.21.

County Treasurer McBride calls  
attention to a change in the law re-  
garding road tax receipts. Hereto-  
fore taxpayers who had "worked  
out" some of their road taxes had to  
present a receipt from the super-  
visor to the county treasurer. The  
1913 legislature changed the law so  
that now the road supervisor is com-  
pelled to turn over all road receipts  
to the township trustee in September  
and he in turn files them with the  
county treasurer on or before Janu-  
ary 1.

The county treasurer says many

have gone to the trouble to try to  
find their road tax receipts. If, he  
says, as has been the case when the  
supervisor was careless, any tax-  
payer has not been given credit for  
work one, he can take the matter up  
with the supervisor and trustee and  
they can adjust it out of the town-  
ship road fund.

(By United Press.)

Parkertown, O., April 17.—Uncle  
Sam's parcel post will carry about  
6,000,000 queen bees from this place  
during the coming summer in small  
packages destined to all parts of the  
civilized world. H. G. Quirin, who  
operates perhaps the largest bee  
farm in the United States estimates  
his orders will call for that number  
of queens. Last year Quirin shipped  
queen bees with their "escorts" of  
working bees, in little parcel post  
packages to all parts of America,  
Europe, Japan, Cuba, China and the  
West Indies.

Quirin has raised queens he  
valued at \$300. These, how-  
ever, were extraordinary  
stock. The regular stock are worth  
from \$1 to \$3. In addition to his  
queens, the bee magnate expects to  
have employed about 50,000,000  
workers the coming season making  
tons of honey.

## GRADUATE DRESS WILL BE UNIFORM

At Commencement Exercises This Year Boys Will Wear White Trousers and Blue Coats.

**GIRLS WILL BE ALL IN WHITE**

Annual Event Will be Held May 29 and Class of 37 or 38 Will be Graduated. 6 Weeks Left.

Today ended the second period of school work, in the Rushville schools. Now the "kids" are counting the number of days, which yet remain of the present school term. Six more weeks or thirty school days are left.

As the school term nears a close, it is then the busiest place in the city. Preparations are then being made for the final "exams," and every one is nervous, until the cards are given out. Several schools over the county are closed, and many will close within the next few weeks.

Most all of the country town schools have some form of entertainment for the closing week. Nearly every high school in this county has given a play, and the Rushville high school will not be outdone. It will give a three-act musical comedy, "The Captain of Plymouth," Friday, May first, in the Coliseum.

Perhaps the busiest group of students at this time are the seniors. They in Rushville have five more weeks of school. At a class meeting the other night it was decided that no uncalled for expense would be made this year in graduating. The dress will be simple and uniform. The boys will wear white trousers and blue coats. The girls will wear white skirts and white middie blouses, with blue ties. The senior class colors are blue and white.

The commencement exercises will be held May 29th and a class of 37 or 38 will be graduated. As it has always been the custom of the juniors to give some entertainment for the seniors, just what this entertainment will be this year, is not fully decided upon. Several years past the juniors have given receptions, but something new is trying to be found for this year.

The ocean racer launched today is the Resolute, the Herreshoff's entry. It was the first of the American Defenders to take the water. The ceremonies today were elaborate.

## WILL OPEN IN BIG TIME STYLE

Mayor Bebout Will Throw First Ball in Game With U. S. Navy Team and Arcadians

GROUNDS WILL BE IN SHAPE

Fans Will Have First Chance to See New Players in Action—James to Start Game.

The baseball season will be opened Sunday in big league style. Mayor Bebout has consented to pitch the first ball and a large crowd is expected to be on hands to see his honor in the role of pitcher. The attraction for the opening game will be the United States Navy team, of Indianapolis. Mayor Bebout stated to day that he felt right to pitch the entire first inning if Manager Fisher thought Lefty James was not capable.

The Navy team is composed of a classy bunch of ball players and will furnish a fast enough article of ball for the opening game. The Navy boys have had more practice than the Arcadians. Yesterday they defeated the Butler College team 3 to 0 in a practice game and should be in fine shape for the game here Sunday. Rice will probably start the game on the mound for the visitors.

The Arcadians will have many new faces in the line up and the fans are speculating as to how they stack up against last year's team. Manager Fisher has not let money stand in the way of securing good players and if the team Sunday does not come up to expectations then the men can expect to look elsewhere for a job. Thomas James of Cincinnati, the pitcher, is a left hand twirler and is said to be one of the best in the Queen City. He is a high priced pitcher and should give the fans all they are looking for.

The other pitcher is Tomlin of Indianapolis. Tomlin is a big fellow and throws right handed. Both will be given a chance Sunday as Fisher figures it too early in the season to go the entire route. Bridgeman, who was popular with the fans, will again be seen on first base. Bridgeman is in condition as he has been playing all spring on one of the college teams of the state. The other new men are Fisse on second, Johannes at short and O'Dell in right. All of the men are anxious for the start and displaying the spirit that will make a good team. E. F. Walton of Indianapolis, a professional umpire will be their regular official at the games this year. He will be here Sunday and the fans are assured of some classy work on his part.

The grounds look better than they ever did before. The outfield has been leveled and rolled and the infield has been sodded. It adds much to the appearance of the grounds.

## THE CASE OF JENNIE BRICE

By MARY ROBERTS RINEHART

Copyright, 1913, by the Bobbs-Merrill Company

"Is it not true, Mrs. Pitman," he said, "that many articles, particularly shoes and slippers, are found floating around during a flood?"

"Yes," I admitted.

"Now, you say the dog found this slipper floating in the hall and brought it to you. Are you sure this slipper belonged to Jennie Brice?"

"She wore it. I presume it belonged to her."

"Ahem! Now, Mrs. Pitman, after the Ladleys had been moved to the upper

"Are you sure this slipper belonged to Jennie Brice?"

floor, did you search their bedroom and the connecting room downstairs?"

"No, sir."

"Ah! Then how do you know that this slipper was not left on the floor or in a closet?"

"It is possible, but not likely. Anyhow, it was not the slipper alone. It was the other things and the slipper it was."

"Exactly. Now, Mrs. Pitman, this knife. Can you identify it positively?"

"I can."

"But isn't it true that this is a very common sort of knife? One that nearly every housewife has in her possession?"

"Yes, sir. But that knife handle has three notches in it. I put the notches there myself."

"Before this presumed crime?"

"Yes, sir."

"For what purpose?"

"My neighbors were constantly borrowing things. It was a means of identification."

"Then this knife is yours?"

"Yes."

"Tell again where you left it the night before it was found floating downstairs."

"On a shelf over the stove."

"Could the dog have reached it there?"

"Not without standing on a hot stove."

"Is it not possible that Mr. Ladley, unable to untie the boat, borrowed your knife to cut the boat's painter?"

"No painter was cut that I heard about. The paper hanger?"

"No, no. The boat's painter—the rope."

"Oh! Well, he might have. He never said."

"Now, then, this towel, Mrs. Pitman. Did you tell you that he had cut his wrist in freeing the boat and ask you for some court plaster?"

"He did not," I said firmly.

"You have not seen a scar on his wrist?"

"No." I glanced at Mr. Ladley. He

### Rheumatism and Bright's Disease

Prof. Budlong Was Quickly Relieved  
of Both Afflictions by Using  
Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to relieve the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully. Tried many advertised remedies. After using your truly remarkable preparation, RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

Rheuma is guaranteed by F. B. Johnson & Co., who sell it for 50 cents a bottle.

was smiling as if amused. It made me angry. "And what's more," I flashed, "if he has a cut on his wrist, he put it there himself to account for the towel."

I was sorry the next moment that I had said it, but it was too late. The counsel for the defense moved to exclude the answer, and I received a caution that I deserved. Then:

"You saw Mr. Ladley when he brought your boat back?"

"Yes."

"What time was that?"

"A quarter after 4 Monday morning."

"Did he come in quietly, like a man trying to avoid attention?"

"Not particularly. It would have been of no use. The dog was barking."

"What did he say?"

"That he had been out for medicine. That his wife was sick."

"Do you know a pharmacist named Alexander—Jonathan Alexander?"

"There is such a one, but I don't know him."

I was excused, and Mr. Reynolds was called. He had heard no quarreling that Sunday night, had even heard Mrs. Ladley laughing. This was about 9 o'clock. Yes, they had fought in the afternoon. He had not overheard any words, but their voices were quarrelsome, and once he heard a chair or some article of furniture overturned. Was awakened about 2 by footsteps on the stairs, followed by the sound of oars in the lower hall. He told his story plainly and simply. Under cross examination admitted that he was fond of detective stories and had tried to write one himself; that he had said at the store that he would like to see that "conceited ass" swing, referring to the prisoner; that he had sent flowers to Jennie Brice at the theater, and had made a few advances to her, without success.

My head was going round. I don't know yet how the police learned it all, but by the time poor Mr. Reynolds left the stand half the people there believed that he had been in love with Jennie Brice, that she had spurned his advances, and that there was more to the story than any of them had suspected.

Miss Hope's story held without any alteration under the cross examination. She was perfectly at ease, looked handsome and well dressed, and could not be shaken. She told how Jennie Brice had been in fear of her life and had asked her, only the week before she disappeared, to allow her to go home with her—Miss Hope. She told of the attack of hysteria in her dressing room, and that the missing woman had said that her husband would kill her some day. There was much wrangling over her testimony, and I believe at least a part of it was not allowed to go to the jury. But I am not a lawyer, and I repeat what I recall.

"Did she say that he had attacked her?"

"Yes, more than once. She was a large woman, fairly muscular, and had always held her own."

"Did she say that these attacks came when he had been drinking?"

"I believe he was worse then."

"Did she give any reason for her husband's attitude to her?"

"She said he wanted to marry another woman."

There was a small sensation at this. It proved it established a motive.

"Did she know who the other woman was?"

"I believe not. She was away most of the day, and he put in his time as he liked."

"Did Miss Brice ever mention the nature of the threats he made against her?"

"No, I think not."

"Have you examined the body washed ashore at Sewickley?"

"Yes"—in a low voice.

"Is it the body of Jennie Brice?"

"I cannot say."

"Does the remaining hand look like the hand of Jennie Brice?"

"Very much. The nails are filed to points, as she wore hers."

"Did you ever know of Jennie Brice having a scar on her breast?"

"No, but that would be easily concealed."

"Just what do you mean?"

"Many actresses conceal defects. She could have worn flesh colored plaster and covered it with powder. Also, such a scar would not necessarily be seen."

"Explain that."

"Most of Jennie Brice's décolleté gowns were cut to a point. This would conceal such a scar."

Miss Hope was excused, and Jennie Brice's sister from Olean was called. She was a smaller woman than Jennie Brice had been, very ladylike to her manner. She said she was married and living in Olean; she had not seen her sister for several years, but had heard from her often. The witness had discouraged the marriage to the prisoner.

"Why?"

"She had had bad luck before."

"She had been married before?"

"Yes, to a man named John Bellows. They were in vaudeville together on the Keith circuit. They were known as The Pair of Pillows."

I sat up at this, for John Bellows had boarded at my house.

"Mr. Bellows is dead?"

"I think not. She divorced him."

"Did you know of any scar on your sister's body?"

"I never heard of one."

"Have you seen the body found at Sewickley?"

"Yes," faintly.

"Can you identify it?"

"No, sir."

A flurry was caused during the afternoon by Timothy Seft. He testified to what I already knew—that between 3 and 4 on Monday morning, during the height of the flood, he had seen from his shanty boat a small skiff caught in the current near the Ninth street bridge. He had shouted encouragingly to the man in the boat, running out a way on the ice to make him hear. He had told him to row with the current and to try to steer in toward shore. He had followed close to the river bank in his own boat. Below Sixth street the other boat was within rope throwing distance. He had pulled it in and had towed it well back out of the current. The man in the boat was the prisoner. Asked if the prisoner gave any explanation—yes, he said he couldn't sleep and had thought to tire himself rowing. Had been caught in the current before he knew it. Saw nothing suspicious in or about the boat. As they passed the police patrol boat prisoner had called to ask if there was much distress and expressed regret when told there was.

Tim was excused. He had made a profound impression. I would not have given a dollar for Mr. Ladley's chance with the jury at that time.

### Hyomei Relieves In Five Minutes

You Breathe it

If your head is all stuffed up from a cold or catarrh, you suffer with dull headaches and seem lacking in vitality, or are constantly sniffing and coughing, you need a remedy that will give the quickest, most effective and lasting relief possible—something that will go right to the spot, clear the head and throat and end your misery.

Surely use Hyomei—all the druggists sell it. It is just such a remedy, and is entirely harmless and pleasant to use—you breathe it—no stomach dosing.

The antiseptic oils of Hyomei mix with the air you breathe—its health-giving medication immediately reaches the sore and inflamed mucous membrane—you feel better in five minutes. It is practically impossible but permanently benefited. F. B. Johnson & Co will refund your money if you are not satisfied. Ask for the complete outfit—\$1.00 size.

**DAY OBSERVED ALL OVER STATE**  
Effort was Made to Plant One Million Trees by State Forestry Association Today

**FAIRBANKS AT FRANKFORT**  
Says That Nations Poor in Trees Are Poor in Character—Urges Systematic Culture

(By United Press.)  
Frankfort, Ind., April 17.—Whether one million trees would be planted in Indiana today could not be forecast, in the opinion of Charles Warren Fairbanks, who spoke to several gatherings here today in celebration of Arbor Day. He was certain, however, that the movement set on foot by the Indiana Forestry Association had been productive of much good.

"Arbor Day in every city today," he said, "following the proclamation of the Governor and the request of the superintendent of public instruction. In addition to the actual added wealth in trees, there will result a great good to the children who take part in the exercises, for they will be taught to care for the future."

Mr. Fairbanks said that in his trip abroad he had been able to contrast such old countries as Korea and China, practically treeless, with Germany and France, where systematic tree culture is practiced. "Nations that are poor in trees are poor in character," he said. He advocated the planting of parks by cities not only so that beauty spots might be had, but in order that more beautiful characters might be engendered in the citizens.

The speaker laid no stress on the possibility of flood prevention by tree planting. He said that in former years when the plow did not play such an important part it was possible to keep the hill sides wooded and to retain the water in the soil, but that tree culture purely for flood prevention was hardly practicable.

**GOODES ALSO PLANT TREES**  
Governor Has Nothing on Butler College Girls

(By United Press.)  
Indianapolis, Ind., April 17.—While Governor Ralston was planting a tree before an admiring crowd on the statehouse lawn here today, over a hundred Goodes in Irvington armed themselves with picks and shovels and went after the college campus in good frontiersman style. Some of the college men did a little work, but got little of the attention. The effort was to clean up the campus and plant trees in celebration of Arbor day.

**TRIANGLE DEBATE TONIGHT**  
Earlham, Indiana and DePauw Contest for Honors.

(By United Press.)  
Bloomington, Ind., April 17.—Those conducting the triangle debate of Earlham, Indiana and DePauw to be held tonight in Greencastle, Richmond and this city were a little doubtful whether they would prove financial successes. The reason is that every team debates away from home. While some advantage is gained by having every debate before a neutral audience, there was some question whether there would be any audience. While every college would be apt to turn out to see its own paragon vanquish the simple minded folk from the rival institution, utter strangers debating the question of a compulsory arbitration law for Indiana might not be a drawing card. Earlham meets DePauw here, Indiana meets DePauw at Richmond and Indiana meets Earlham at Greencastle.

### MANY THINGS ON PROGRAM

Mrs. Sarah Guffin will leave this evening over the Pennsylvania for Richmond where she will join an Indianapolis party on the way to Washington to attend the twenty-third continental congress of the Daughters of the American Revolution. Mrs. Guffin is the regent of the chapter here.

Tomorrow night the president of the Smithsonian Institute will give a reception to the visiting Daughters and Monday President Wilson will make the welcoming address in the national continental hall. The president-general of the D. A. R., Mrs. W. C. Storey, will give a reception in continental hall and Tuesday President and Mrs. Wilson will hold a reception in the White House for the delegates and visitors.

Mrs. Guffin says there will be some lively contests over the offices which are to be filled. A new president-general will not be elected until next year.

Word has been received in this city that Haskell Higgins, son of Mr. and Mrs. J. M. Higgins, has received an advancement in the service of the Pennsylvania railroad. Mr. Higgins now has a position as first trick operator at North Vernon. He previously was ticket clerk at Jeffersonville.

settled yet. Further exchange of telegrams between President Wilson and General Huerta is necessary before the American flag will be saluted by Huerta in return for the arrest of American sailors. The situation is encouraging, but it is not settled," said Secretary Bryan today as he entered the White House with a bundle of telegrams.

He would not say when Huerta would salute the flag. Later Secretary Tammly said the disputed matters did not go to the heart of the question, but concerned details.
